

FREQUENTLY ASKED QUESTIONS

For Students:

1. How can I view my internal marks and semester marks?

- Students can access their internal marks and semester marks by logging into their accounts and navigating to the respective sections dedicated to marks.

2. How do I register for exams using the system?

- Students can register for exams by accessing the exam registration feature available in their accounts and selecting the exams they wish to register for.

3. Is there a feature to analyze my performance throughout the semester?

- Yes, the system provides an "Analyze Performance" feature where students can compare their performance between different exams, like Midterm 1 and Midterm 2, to see improvements or declines.

For Teachers:

1. How do I view the existing marks of my students?

- Teachers can view existing marks by logging into their accounts and accessing the marks section, where they can see the marks entered for each student.

2. How can I update marks for my students?

- Teachers can update marks by selecting the student and the exam for which marks need to be updated, then entering the new marks accordingly.

3. Can I generate reports to track student performance?

- Yes, teachers have access to a feature that allows them to generate reports showing student performance over a period, helping them track progress and identify areas needing improvement.

For Admins:

1. How do I create a new student profile in the system?

- Admins can create new student profiles by accessing the student creation feature and filling in the required details such as name, email, and student ID.

2. How can I add a new teacher to the system?

- Admins can add new teachers by accessing the teacher creation feature and entering the necessary information such as name, email, and teaching subject.

3. What is the process for validating marks entered by teachers?

- Admins are responsible for validating marks entered by teachers to ensure accuracy. They can access the validation feature where they review and approve marks before they are published.

4. How are results published to students?

- Admins publish results by accessing the publish results feature, which makes the marks and grades available to students through their accounts.

These FAQs should address the common queries that students, teachers, and admins might have regarding the functionalities of the Student Result Management System.
